

MERITOR® ALLFIT PREMIUM TAPERED ROLLER BEARINGS

MERITOR

IDEAS DRIVING RESULTS

ENGINEER-ENHANCED ALL-MAKES
BEARINGS FOR A SUPERIOR,
COST-EFFECTIVE SOLUTION.

ALLFIT

PREMIUM QUALITY BEARINGS FROM MERITOR, A NAME YOU KNOW AND TRUST.

Introducing Meritor AllFit premium bearings for optimum performance from a proven, steadfast source. You know Meritor for its longevity in the commercial vehicle market. Over 100 years of leadership in innovation, design and manufacturing means the best-quality products to meet your aftermarket replacement needs.

Now you can depend on Meritor for all-makes premium tapered roller bearings for a cost-effective bearing solution. Designed for differentials, transmissions and wheel ends – including steer, drive and trailer axle applications – our comprehensive portfolio covers a wide range of bearing requirements.

Superior-Quality Tapered Roller Bearings To Keep You Rolling.

With Meritor AllFit premium bearings, you can count on exceptional quality. All bearings start out with a high grade steel and are designed and manufactured with one objective: to ensure maximum performance. In-process manufacturing controls focus on micro-crack and inner/outer ring micro-burn detection to maintain an outstanding

product throughout. Certified ISO9001-based Quality Management System assessments provide additional validation in the design and manufacturing process, while assembly is performed in a controlled atmosphere to safeguard against contaminants.

AllFit bearings are backed by a series of validations including integrity testing, as well as Meritor engineering and third-party testing – all to ensure the long life and high reliability you expect from a premium bearing.

Combined, these extensive quality measures result in a premium bearing that delivers outstanding performance while supporting vehicle longevity. Meritor AllFit premium bearings come standard with:

- Manufacturing using the same processes as Meritor production bearings
- Only high grade raw materials
 - Less impurities for greater performance
- Through-hardening process for elevated tensile strength
- Precise internal geometry
 - Tighter accuracy and performance
- Traceability
 - Ability to trace a part from raw materials through production ensures product integrity

Full Application and All-Makes Coverage.

Meritor AllFit premium bearings cover a wide variety of applications to meet your customers' requirements. The portfolio includes an extensive product range with "drop-in" replacements for full interchangeability with other manufacturer's bearings.

■ Differentials/Transmissions

- Meritor
- Dana®
- Eaton®
- International®
- Fuller®

■ Wheel Ends

- Steer
- Drive
- Trailer

Keep Performance on Track by Keeping Contaminants Out.

Every Meritor AllFit bearing is specially packaged to keep quality in and unwanted elements out. Superior performance, long life and high reliability depend on the highest quality product. Meritor AllFit bearings are packaged for optimal anti-corrosion protection to meet your highest expectations.

- Intermediate plastic between the cup and cone set
- Optimal anti-corrosion protection
 - Less oxidation and strong rust prevention
 - Longer shelf life
- Individually wrapped/sealed plastic bags

Protection and Support You Deserve.

Get real peace of mind with comprehensive product protection and unparalleled customer service. Meritor AllFit premium tapered roller bearings are covered by a 1-year/unlimited mile warranty. And count on our highly trained Customer Care team as your source for complete support. Call us at 888.725.9355 (or 800.387.3889 in Canada). Or visit MeritorPartsOnline.com – our industry-leading online catalog, ordering and tracking system – with real-time access to complete parts information resources.
